

City of Cambridge Symphony Orchestra

We rehearse on Tuesday evenings from 7.30 pm until 10.00 pm. The rehearsals are held at St Faith's School (CB2 8AG), which is on Trumpington Road.

Please see following map. Of the four gateways to the school please enter through the fourth, Southfield gateway coming from the city centre and follow the drive between the buildings to a tarmacked area at the back. Walk back from the parking place to a covered way on your right through to the courtyard. Ashburton Hall, where we rehearse, is on the right of the courtyard.

Instructions coming from the city:

From Trumpington Street, Lensfield Avenue or Fen Causeway travel south along Trumpington Road. You pass the Botanic Gardens, cross the Brooklands Avenue junction and proceed past the Nuffield Hospital. St Faith's is on the left after Newton Road. Get into the 'bus lane as soon as you have gone over the pedestrian crossing, going slowly past the second and third gateways and taking the fourth.

Instructions coming from Trumpington and the South

If coming from the Trumpington direction it's easy to miss the gateway you need (which is the first you reach from this direction), in which case turn right into Newton Road immediately after the pedestrian crossing, do a u-turn and have another go by approaching from the other direction. Please note the 'bus lane going south, which makes it apparently a three lane road. When coming from the south (Trumpington) and turning right, you must resist the temptation to move into the 'middle' lane because this is in fact the lane for oncoming traffic (and you might get squashed).

Entering the site

Cars can enter the site as at present using the Southfield gate between 1845 and 2100. This gate will not allow access outside of these times. Cars arriving at any other times should park on Trumpington Road near the School House entrance and access will then be by the School House pedestrian gate. Pedestrians and cyclists can access the site through the School House pedestrian gate any time between 1900 and 2200 .

Exiting the site

Any vehicle already within the site will be able to leave by the Southfield Gate at any time. Pedestrians and cyclists. There is a pedestrian only gate at the School House entrance (the fancy gates entrance!) which can be operated using the switch at any time (from inside the gates)

Pedestrian and cyclist Gate open 1900—2200

Gate for cars open 1845—2100
